## ABOUT ME

I am a QA tester with over 3 years of experience in software testing. During this time, I have tested software for the government(EDC, SWMA, Siem Reap government) and overseas projects I am also skilled at using automated testing tools such as Ranorex and Selenium and have some experience with web development and mobile development.

## EXPERIENCE

### QA TESTER

**Beniten.** Koh Pich, Phnom Penh | Sep 2021 - Present

**My Task:**

- Create test cases and documents for testing
- . Testing follows the test case document and detects unexpected cases (Which may contain errors to ensure quality.)
- . Report bugs and errors to development teams.
- . Communicate with developers to fix and improve production quality.
- . Report the final result.
- . Multi-task and change from one task to another without loss of efficiency or composure.
- . Strong problem-solving and decision-making skills
- Test with Mobile App, Desktop App, and Web application

### UAT

**Oone Technology .** Phnom Penh | 2020 - Sep 2021

My Task:

- Prepare Test cases, create test cases, find bugs and add issues
- Train to frontier or review with other UAT
- Identify risks to testing and communicate with other UATs before start to add a new feature
- Do manual and automate test

## EDUCATION

### BACHELOR DEGREE

**Royal University of Phnom Penh.** | 2017 - 2021

My major is computer science at Royal University of Phnom Penh.

### IEAP (INTENSIVE ENGLISH FOR ACADEMIC PURPOSES)

**Pannasastra University of Cambodia.** | 2019 - 2020

I studied IEAP program to improve my English skills so that I will be fully prepared to enter university and be able to study any subjects with English as the language of instruction.

### TRAINING CURSE

**Ant Training.** | 2017 - 2018

I studied basic C/C++ and OOP, also web development at ANT Training.
